Faith and Relationships/Dating

presented Tyler & Eileen Gerdin

This series addresses the practical realities of carrying out your discipleship in the world.

How do you follow Christ in the workplace—both in your interactions with others and in your big picture decisions? What does it mean to raise a family grounded in faith while simultaneously remaining open to those around you who do not share your beliefs? And what about this matter of finding and growing to love a partner? What are some tips for assessing the right match and for discerning ultimate commitment?
